

# Missio Benefits

## Member Deposit Instructions

On behalf of all of us at Missio Nexus, thank you for joining the Missio Benefits family! As you finish the on-boarding process a required step is to submit your program deposit. Your deposit will be held in our reserve fund and used to fund terminal liability should your organization ever choose to leave the program.

There are two different ways to calculate your required deposit amount based on your organization's current situation:

### **Scenario #1: You offer healthcare today**

If you offer healthcare today, your deposit will be calculated by multiplying your organization's current number of employees enrolled in healthcare by \$250. For example, if you currently have 10 employees enrolled in healthcare your deposit amount will be \$2,500.

### **Scenario #2: You do not offer healthcare today**

If you do not offer healthcare today, your deposit will be calculated by multiplying 75% of your organization's eligible employees by \$250. For example, if you currently have 10 eligible employees for healthcare your deposit will be \$1,875.

**To fund your deposit via Wire Transfer:** please send payment via your local bank to Missio Nexus  
Account/DDA Number: 334037164977 / Routing Number: 026009593

**To fund your deposit via ACH Payment:** please send payment via your local bank to Missio Nexus  
Account/DDA Number: 334037164977 / Routing Number: 061000052
